

### SAT CRITICAL READING WORKSHOP

**Thursday, February 25<sup>th</sup>, 6:30pm-7:30pm** (Registration starts January 28<sup>th</sup>)

At this event participants will get an inside look at what skills are needed to master passages in the SAT Critical Reading section, and learn Kaplan methods and apply them to realistic practice questions. Open to students in grades 9 through 12.

### SAT TEST SECRETS

**Thursday, March 4<sup>th</sup>, 6:30pm-7:30pm** (Registration starts February 4<sup>th</sup>)

This event will cover the format and content of the test, walk through various question types (directly from the practice test) using key Kaplan strategies, and give students and parents a basic study plan for success. Open to students in grades 9-12 and their parents. Register using the student's name and grade.

### SAT ESSAY WORKSHOP

**Thursday, March 11<sup>th</sup>, 6:30pm-7:30pm** (Registration starts February 11<sup>th</sup>)

Kaplan will provide advice from experts to help students score higher, including how to recognize what the essay graders want and inside strategies on writing high-scoring essays. Students will receive their graded essays following the session, to help them to adjust their preparation accordingly. Open to students in grades 9-12.

### SAT CRITICAL READING WORKSHOP

**Thursday, April 15<sup>th</sup>, 6:30pm-7:30pm** (Registration starts March 18<sup>th</sup>)

At this event participants will get an inside look at what skills are needed to master passages in the SAT Critical Reading section, and learn Kaplan methods and apply them to realistic practice questions. Open to students in grades 9 through 12.

### KAPLAN PRACTICE SAT

**Saturday, April 17<sup>th</sup>, 9:30am-1:30pm** (Registration starts March 20<sup>th</sup>)

Full length practice SAT for students to see how they would score on the actual test. Each student will receive a full score report including a breakdown of the test by section and personalized feedback based on their test scores. Students need to bring a calculator and #2 pencils. Open to students in grades 9 through 12. Results for this free practice exam will be mailed directly to the student. The same exam is given each session, but an alternate exam is available if requested. *The test begins promptly at 9:30am with no admittance after testing is underway...just like the real thing!*

All of these workshops are generously provided by: KAPLAN Test Prep, Rochester Center, 1544 Mt. Hope Avenue, Rochester, NY 14620, 585-461-9320
