# eBook FAQs

## My e-reader has Wi-Fi capability, can I download a book directly to my e-reader?

If you have an **iPad**, **iPhone**, **iPod Touch** or a supported **Android** Smartphone, you can download eBooks directly using the OverDrive Media Console App. If you have any other supported e-readers, you will need to download the book from OverDrive to your computer and transfer the book to your e-reader using Adobe Digital Editions.

## Can I return an eBook early?

Yes, using Adobe Digital Editions you can return a book early. See the information on Adobe Digital Editions in this pamphlet.

\* If you are using a mobile device, you cannot return eBooks early in the OverDrive Media Console App. You can however, log into your OverDrive Digital Account at [overdrive.libraryweb.org](http://overdrive.libraryweb.org) and download the book you want to return early to a computer that has Adobe Digital Editions installed (it must be authorized with the same AdobeID). Then return the book from Adobe Digital Editions (see Adobe Digital Editions in this pamphlet). You will then need to delete the book from you mobile device.

## When my checkout time is over, does the eBook disappear from my e-reader?

No. You will need to remove the book from your e-reader by connecting it to your computer and opening Adobe Digital Editions. You can delete the book from your e-reader in Digital Editions. When your book expires, you will no longer be able to read it on your device.

## Can I renew a book?

No, you cannot renew a book. However, you are able to check the book out again if a copy is available. You will need to find the book in the OverDrive Catalog and check it out and download it again so that the license file is updated.

## Why isn't my e-reader displaying as a bookshelf in Digital Editions?

Try closing and re-opening Digital Editions while your e-reader is connected to your computer.
