

Did you know that there are **COMIC BOOKS** in the Fairport Public Library's Children's Room? Many of your favorite series are also available in **COMIC BOOK** format with great pictures and new stories:

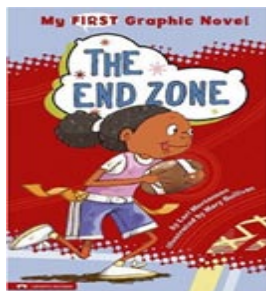

“Graphic Dinosaurs” by Rob Shone

Great, action-packed artwork highlights this series of prehistoric adventures.

“Lunch Lady” by Jarrett J. Krosoczka

For Captain Underpants and Ricky Ricotta fans, “Lunch Lady comics have that same wacky humor.

“My First Graphic Novel” by Cori Meister

Here are comics that are perfect for kids who are just starting to read, who love to read about kids just like them, and who like sports.

All of these books are in the COMICS section and are filed by the author's last name.
